Global Pipette Tip Market Growth 2019-2024

Pipette tip is one kind of laboratory consumables. Pipette tips are tips used on pipettes. They are designed to offer premium quality pipetting consumables for scientific laboratories. Applications include areas in life science research in academic, biotech, pharmaceutical industry, clinical research, forensic testing, and diagnostics.

In 2015, the global pipette tips market is led by Europe, accounting for about 31.52% global pipette tips production in 2015. North America is the second-largest region-wise market. At present, the major manufacturers of pipette tips are concentrated in Eppendorf AG, Rainin, Gilson, Thermo Fisher Scientific, Brand, Sartorius, and Corning.

Pipette tips fulfill the pipetting needs of research, diagnostics and analytical laboratories. They are widely used in the laboratories of industry, hospital, research institute, colleges and universities for genomic research, forensics and molecular diagnostics. Globally, the pipette tips market is mainly driven by growing demand for industry. They account for nearly 46.35% of total downstream consumption of pipette tips in 2015.

According to our research and analysis, manufacturers from USA and Europe are the major leaders in the international market of pipette tips. Manufacturers from China are immature in technology. There is large space in the China market, as well as big gap between international brands and local brands on price. With the development of Chinese pipette tips production technology, their share in the global market is increasing, and competitiveness in the global market gradually increases.

Global market is expected to witness significant growth on account of rising applications, so in the next few years, pipette tips production will show a trend of steady growth. In 2021 the production of pipette tips is estimated to be 198794 Million Units, and the consumption increasing degree will be high. On product prices, the slow downward trend in recent years will maintain in the future.

According to this study, over the next five years the Pipette Tip market will register a 8.2% CAGR in terms of revenue, the global market size will reach US$ 2830 million by 2024, from US$ 1770 million in 2019. In particular, this report presents the global market share (sales and revenue) of key companies in Pipette Tip business, shared in Chapter 3.

This report presents a comprehensive overview, market shares, and growth opportunities of Pipette Tip market by product type, application, key manufacturers and key regions and countries.
