Global Wrist Dive Computers Market Growth 2019-2024

The Business Research Store is run by Sector Publishing Intelligence Ltd. SPi has been selling professional market research reports and company analyses for over 7 years. Our experienced staff team are on hand to help with any research enquiries you may have, and help you find the right report for your needs. We sell reports to businesses of all sizes across the world who need current market data to plan and develop their business strategies.

We are pleased to present details of this report to assist your buying decision and administrative process. You will find easy-to-use *How To Buy* information on the last page of this document.

We look forward to being of service to you.

If you have bulk and/or recurring requirements, please get in touch - we can liaise with publishers to obtain sample pages and negotiate discounts on your behalf.

Global Wrist Dive Computers Market Growth 2019-2024

A wrist dive computer is the one that can take depth and time information and applies it to a decompression model to track the dissolved nitrogen in your wrist tissue during a dive. Your computer continuously tells you how much dive time you safely have remaining. Your computer combines a depth gauge, timer and sometimes a submersible pressure gauge (SPG) into a single, useful instrument. This is immensely useful when it comes to avoiding decompression sickness.

The Wrist Dive Computers industry concentration is relatively high in United States. United States giant market is dominated by five brand, i.e. Aeris, Oceanic, Cressi, Mares, Scubapro, Sherwood, These five brand occupies above 42 % of the whole market volume in 2016.

The California occupied the majority of the Wrist Dive Computers market in 2016, with the California being the major revenue contributor. The importance of scuba diving as a sport and the presence of numerous freshwater springs and Coast are the factors driving the market in this region. The US not only offers scuba diving sites on its southern and western coasts but also offers the sport in many of their inland regions as well.

According to this study, over the next five years the Wrist Dive Computers market will register a xx% CAGR in terms of revenue, the global market size will reach US\$ xx million by 2024, from US\$ xx million in 2019. In particular, this report presents the global market share (sales and revenue) of key companies in Wrist Dive Computers business, shared in Chapter 3.

This report presents a comprehensive overview, market shares, and growth opportunities of Wrist Dive Computers market by product type, application, key manufacturers and key regions and countries.

This study considers the Wrist Dive Computers value and volume generated from the sales of the following segments:

Segmentation by product type: breakdown data from 2014 to 2019, in Section 2.3; and forecast to 2024 in section 11.7.

OLED Color Display

Colorless Display

Segmentation by application: breakdown data from 2014 to 2019, in Section 2.4; and forecast to 2024 in section 11.8.

Military

Civilian

This report also splits the market by region: Breakdown data in Chapter 4, 5, 6, 7 and 8.

Americas

United States

Canada

Mexico

Brazil

APAC
China
Japan
Korea
Southeast Asia
India
Australia
Europe
Germany
France
UK
Italy
Russia
Spain
Middle East & Africa
Egypt
South Africa
Israel
Turkey
GCC Countries

The report also presents the market competition landscape and a corresponding detailed analysis of the major vendor/manufacturers in the market. The key manufacturers covered in this report: Breakdown data in in Chapter 3.

Aeris
Oceanic
Cressi
Mares
Scubapro
Sherwood
Suunto
Hollis

Liquivision

Shearwater Research

In addition, this report discusses the key drivers influencing market growth, opportunities, the challenges and the risks faced by key manufacturers and the market as a whole. It also analyzes key emerging trends and their impact on present and future development.

Research objectives

To study and analyze the global Wrist Dive Computers consumption (value & volume) by key regions/countries, product type and application, history data from 2014 to 2018, and forecast to 2024.

To understand the structure of Wrist Dive Computers market by identifying its various subsegments.

Focuses on the key global Wrist Dive Computers manufacturers, to define, describe and analyze the sales volume, value, market share, market competition landscape, SWOT analysis and development plans in next few years.

To analyze the Wrist Dive Computers with respect to individual growth trends, future prospects, and their contribution to the total market.

To share detailed information about the key factors influencing the growth of the market (growth potential, opportunities, drivers, industry-specific challenges and risks).

To project the consumption of Wrist Dive Computers submarkets, with respect to key regions (along with their respective key countries).

To analyze competitive developments such as expansions, agreements, new product launches, and acquisitions in the market.

To strategically profile the key players and comprehensively analyze their growth strategies.
